Before exam day:

Test your system:

- Use the same testing space, computer, and internet connection you plan to use on exam day
- We recommend testing on a personal computer with a webcam. Work computers generally have more restrictions that may prevent successful delivery
- Do not take your exam in a setting with a corporate firewall (including VPN). If you are taking your online exam in your office, please alert your Network Administrator to the [OnVUE system requirement](#)
- Make sure you have a reliable, fast internet connection to download your exam and support a webcam stream

Acquire an acceptable form of ID:

One (1) valid, unexpired, government-issued ID with a signature and photo. The name must match the name on the registration exactly.

Acceptable forms of ID include:

- Passport
- Driver's license
- Non-US Military ID (including spouse and dependents)
- Identification card (national or local)
- Registration card (green card, permanent residence, visa)

Unacceptable forms of ID:

- Unacceptable forms of identification include renewal forms with expired IDs, government-issued name change documents with government ID
- If your identification is not considered valid, you will not be permitted to complete your exam and you are unlikely to receive a refund

By law, certain IDs must not be photocopied, digitized, or captured on camera. Because of this, Pearson VUE cannot accept restricted IDs (including but not limited to U.S. military or certain secure access IDs) as identification for online testing.

Carefully review [ID requirements](#) the prior to your exam appointment.

If a name change is required, requests should be submitted in [CertView](#) at least 4 days prior to your exam appointment.

Prepare your testing space:

- Find a quiet, disruption-free, well-lit space. Please be aware that background light or the sun rising/setting could create visibility issues for the proctor
- You will be required to take four photos of your testing space during check-in. We recommend using a mobile device
- You can only use one monitor
- Your desk should be clear

For [more information](#), review online proctored exam policies, procedures, and minimum requirements.

On exam day:

- We recommend logging in **30 minutes** early to start the check-in process and allow for any troubleshooting.
- This allows optimal preparedness but does not guarantee an early admittance or start time
- If you are more than 15 minutes late after your scheduled exam time, you will be unable to begin your exam and you are unlikely to receive a refund

To check into your exam:

- Select Check-in on your confirmation, reschedule or reminder emails to start exam.
- Or [login to CertView](#) and select Manage exams at Pearson VUE
- View your upcoming appointment
- Follow the on-screen prompts to complete the check-in process
- You will need to complete check-in before you can start your exam
